The first round table meeting with all the executive members of the team was held at the NANNS SECRETARIAT. The meeting started at around 5pm.

The meeting commenced with an introduction by all the members of the team

Important matters like what types of goods the company is to start with were discussed whereby all the members agreed that we start with clothing(English wears) and we are to purchase them in wholesale from Nigeria because they are more cheaper compared to the price they are sold here.
